On behalf of the Association of Pacific Rim Universities, it is my pleasure to welcome you to the 11th annual APRU Global Health Conference. I am delighted to have witnessed the strong development of the Global Health Program over the past few years and its increasing impact.

As the only network of leading universities linking the Americas, Asia and Australasia, APRU is the voice of knowledge and innovation for the Asia-Pacific region. We bring together thought leaders, researchers, and policy-makers to exchange ideas and collaborate on effective solutions to the challenges of the 21st century. The APRU Global Health Program is a perfect illustration of this.

Over the next three days, you will have the opportunity to network and collaborate with other global health experts to address existing and emerging health challenges in our region, including environmental exposures and cancer, among many other topics.

We are very grateful to The University of the Philippines for hosting this year’s conference and to the local team for all the work that has gone into its organization. Thank you, the participants, for joining the conference and sharing your research and education on global health.

I wish you a very productive and enjoyable conference.

Christopher Tremewan
APRU Secretary-General
Welcome

Having been associated with the program now for nine years, I have witnessed the impressive accomplishments we have been able to achieve together. I am exceptionally proud to see that the Program has grown into one of APRU’s major success stories. This meeting gives us another chance to continue that success and to identify even more opportunities to work together—in research, in education, and in application. Our world, including the Pacific Rim region, is experiencing a time of uncertainty. These times demand that we global health professionals provide a strong example of how to work together across borders to address our shared challenges.

Whether this is your first conference, or you are a returning member, I invite you to get more involved in our program and to join our joint efforts to improve global health education and research among our universities. I look forward to spending time with you in historic Manila.

Heather Wipfli
APRU Global Health Program Chair

MESSAGE

It gives me much pride in knowing that the host of this year’s conference is the University of the Philippines. It is the leading academic institution in the country and has produced thousands of excellent young leaders in different professions here and abroad. Thus, I am confident that this workshop will be a success as concepts and plans formulated by experts in the field will be translated into viable solutions to global health issues and concerns.

May all APRU members continue to create initiatives and innovations that will lead to the realization of the theme, “Health for All, All for Health.” We are striving hard to transform our peoples into healthier and more productive individuals. This is why I invite the participants from across countries and regions in the Pacific Rim to work closely together in coping with the challenges of the times.

I look forward to more of your research and development efforts that will help address problems related to substance abuse, tobacco control, cancer prevention, spread of non-communicable diseases and the like.

I wish you an informative and fruitful conference.

RODRIGO ROA DUTERTE

MANILA
16 October 2017
It is my pride to welcome the participants of the Association of Pacific Rim Universities Global Health Conference: 11th Annual Workshop to the University of the Philippines. With the emergence and prevalence of diseases around the world, research must always be able to keep up with these global challenges. This conference which fosters collaboration and exchange is crucial to the achievement of cross-border initiatives on migration, tobacco control, cancer research, and other areas in global education research.

May our shared goal of eradicating health issues as an equalizing agent in society be realized over the course of the next few days. May we all learn from both similarities and differences in experience and may the scholars, especially from UP and other Filipino higher education institutions, lead the conversation in ensuring that new knowledge is generated in the name of honor, excellence, and public service. Scientific research takes us farther but it is compassion which keeps us firmly grounded.

Good luck to all the participants at mabuhay po kayo.

DANilo L. concepcion
President
MESSAGE

It is my pleasure to extend my warmest greetings to the 2017 APRU Global Health Care Conference.

Health is everyone’s priority. The work towards the attainment of Universal Health Care entails collaboration among different stakeholders and sectors of society. The Department of Health highlights this through our battle cry, “All for Health towards Health for All.” This is also espoused by the Association of Pacific Rim Universities (APRU), which aims to develop partnerships and engagements of experts, practitioners, researchers and students from multiple countries in order to collectively inform and formulate effective health policies.

The theme of this year’s annual workshop is very timely. The focus on Substance Abuse, Migration and Health in the Pacific Rim, Health Research and Policy in Cancer and Environmental Exposure and Tobacco Control tackles the health priorities of the current administration. These are important public health concerns that need urgent attention. Through our collective efforts, we will be able to bring our countries closer to the dream of Universal Health Care.

With this, I wish everyone success and a fruitful discourse.

Let us continue to work together for our shared vision of "ALL for Health towards Health for ALL."

Congratulations and Mabuhay!

[Signature]

PAULYN JEAN B. ROSELL-UBIAL, MD, MPH, CESO II
Secretary of Health (2016-2017)
Map of Novotel Manila Araneta Center (Conference Venue)
The University of the Philippines is the country’s national university. It has built a reputation as a university that produces scientific and artistic output which have received national and international recognition. Surviving global wars, colonial occupations, civil rights struggles and cultural upheavals, economic downturns and upsurges, UP has played a role in shaping the nation’s political and social consciousness. Ultimately, it has helped shape and define the national identity.

Established in 1908 as a small campus in Manila with only seven colleges, it has grown into eight constituent universities located in 21 campuses throughout the Philippine archipelago.

UP prides itself in its academic excellence, outstanding research and public service. The guiding principle of “UP: Shaping minds that shape the nation” has been proven true time and again. UP graduates have become the country’s leaders in education, politics and governance, business, law, sciences, the arts and several other disciplines.

(GAUGUIN 2)  
Moderators: Alex Lopez and María de Jesús Medina-Arellano  

03:00pm – 03:15pm  
**Break**
Concurrent Panel I: Maternal and Child Health/Reproductive Health
(MONET 2)
Moderator: Michael Dino, Our Lady of Fatima University
1. Yi Yao (Peking University)
   Promoting sustainability for micro health insurance: A risk-adjusted subsidy approach for maternal healthcare service
2. Sarah Rooke (University of New South Wales)
   Historical review of reproductive health in the Philippines and its correlation with the maternal mortality ratio
3. Ana Kriselda Rivera (University of the Philippines Manila)
   Assessment of the relationship between sexual intentions and selected psychosocial factors among grade 10 students in major public high schools in a city in the south of Manila
4. Serge Jean Paul Ndashimye (University of Rwanda)
   An assessment of barriers for teachers to carry out Sexual Education in Rwandan schools

Concurrent Panel II: Non-Communicable Diseases
(CEZANNE)
Moderator: Naowarut Charoenca, Mahidol University
1. Richard Taylor (University of New South Wales)
   Tobacco smoking trends in Samoa over four decades: Can continued globalisation rectify that which it has wrought?
2. Don Eliseo Lucero-Prisno, III (University of the Philippines Open University)
   Cancer in the Asia-Pacific Rim: New road to prevention
3. Tin Tin Su (University of Malaya)
   Attitudes and beliefs about cancer in Malaysia
4. Anne Kathleen Garcia (University of the Philippines Manila)
   Smoking practices of nursing and medical students in Manila
5. Martin Wong (Chinese University of Hong Kong)
   Screening for breast, cervical and prostate cancer: Does the Health Belief Model play a role?

Concurrent Panel III: Environmental and Occupational Health
(RENOIR)
Moderator: Nipapun Kungskulniti, Mahidol University
1. Putu Sutisna (Warmadewa University)
   The problem of food and water-borne taeniasis/cysticercosis in Bali, Indonesia: Past and present situation
2. Renti Mahkota (University of Indonesia)
   Protective effectiveness of personal protective equipment for neurological disorders among farmers in Purworejo, Indonesia
3. Chinchuta Khumtong (Chulalongkorn University)
   Post-traumatic stress disorder, sleep disturbance and quality of life among urban firefighters in Thailand
4. Margaret de Guzman (University of the Philippines Manila)
   Antibiotic resistant bacteria in raw chicken meat sold in a public market in Quezon City, Philippines
(continued on next page)
Concurrent Panel IV: Global Health Education, Research and Technology
(VAN GOGH)
Moderator: Michael Cousineau, University of Southern California

1. **Terry Schmidt and Raiza Clonene Balancio** (University of California, Irvine)
   Global Health Live Pacific: Technology innovation applied

2. **Cynthia Cordero** (University of the Philippines Manila)
   Developing a guideline for setting health research priorities in the Philippines

3. **Ahmad Musahari** (University of the Philippines Manila)
   Towards electronic primary healthcare services in Rural Health Unit (RHU)-Jolo, Sulu through the RxBox Program: An assessment of factors that affect its implementation and the health workers’ knowledge, attitudes and perceptions

4. **John Paul Caesar delos Trinos** (University of New South Wales)
   Global health practicum in the Philippines of graduate students from two American universities: The host institution’s perspective

Concurrent Panel V: Mental Health
(GAUGUIN)

Moderator: Juhwan Oh, Seoul National University

1. **Rainier Moreno-Lacalle** (Saint Louis University)
   Cross-cultural perspectives on depression: Concepts and management

2. **Qi Wang** (Fudan University)
   Effects of ambient temperature on daily hospital admissions for mental disorders in Shanghai, China: A time-series analysis

3. **Claire Choo Wan Yuen** (University of Malaya)
   Exploring psychological status and living conditions of institutionalized elderly in Malaysia

   “I cut when I’m hurt”: Predictors of self-harm behaviour among Filipino university students

5. **Marie Grace Gomez** (University of the Philippines Diliman)
   Development of a psychosocial program for urban poor drug surrenderees

6. **Clyde Ben Gacayan** (Ateneo De Manila University)
   Can the Philippine ‘Drug War’ transition to harm reduction? Insights from policy regime analyses

(continued on next page)
Concurrent Panel VI: Nutrition (MONET 1)
Moderator: Nenita Panaligan, DOST-PCHRD (Region IV-A)
1. **Lintang Windu Ningsih Gz** (Universitas Pembangunan Nasional Veteran and Puskemas Sukamaju Baru)  
   *Relationship between energy intake, protein intake and nutritional status with academic performance in Depok Baru VI Elementary School, 2016*
2. **Cecile Klaudine Cabigas** (University of the Philippines Diliman)  
   *Iron and folate intake among pregnant women in an urban community in the Philippines*
3. **Cecile Leah Bayaga** (University of the Philippines Diliman)  
   *Development and validation of a qualitative food frequency questionnaire to assess the probiotic and prebiotic intake of low-to-middle class lactating women in Makati City*
4. **Aliffin Rachma** (University of Indonesia)  
   *Development of monitoring and evaluating system for obesity prevention among workers*
5. **Honey Libertine Achanzar-Labor** (University of Philippines Manila)  
   *The cosmopolitan in indigenous people health practice: The case of the Ibaloi in Barangay Bahong, La Trinidad, Benguet*

06:00pm – 08:00pm  
**Conference Dinner (all participants invited)**  
VERSAILLES GARDEN

Wednesday, October 18

MONET 1 & MONET 2

09:00am – 09:30am  
**Review Draft of Manila Declaration on Migration and Health in the Pacific Rim**  
**Mellissa Withers**, Associate Professor, University of Southern California

09:30am – 10:30am  
**Special Panel 3: Workplace Wellness**  
Moderator: Pinpin Zheng, Professor, Fudan University

*Healthy women, healthy economies: The Philippines experience*  
**Leonita Gorgolon**, Regional Director of Regional Office 3, DOH, Philippines

*Policies on workplace wellness and women’s health in the Philippines*  
**Anita Baleda**, Chief, Policy Development and Advocacy Division, Philippine Commission on Women

*Workplace determinants of subjective wellbeing*  
**Junling Gao**, Associate Professor, School of Public Health, Fudan University
10:30am – 10:45am  Break
10:45am – 11:15am  Invited Speaker

*Cancer burden, epidemiology and national control strategy in Korea*

Keun-Young Yoo, Professor of Epidemiology, Seoul National University, honorary President of the National Cancer Center of Korea, and President of the Asian Pacific Organization for Cancer Prevention

11:15am – 11:45am  Invited Speaker

*Climate change and urban air pollution health impacts in Indonesia*

Budi Haryanto, Associate Professor, University of Indonesia

11:45am – 12:15pm  Invited Speaker

*Leading and teaching ‘from below’: Narratives about transcending vulnerability in health care*

Leonardo De Castro, Professor, Department of Philosophy, College of Social Sciences and Philosophy, University of the Philippines Diliman

12:15pm – 12:45pm  Open Forum
12:45pm – 01:45pm  Lunch and Poster Viewing
01:45pm – 02:45pm  Global Health Virtual Case Competition
Finalist Video Screening and Judging
- University of Indonesia
- University of Sydney
- Thammasat University

02:45pm – 03:15pm  Break and Raffle
03:15pm – 03:45pm  Awards Ceremony
03:45pm – 04:30pm  APRU GH Tobacco and E-Cigarettes Student Survey Results
*Update on APRU Global Health Program and Next Steps*
